

# Daniel Cooper

WEB DEVELOPER

+66 820748435 | [danielcooper.io](http://danielcooper.io) | [info@danielcooper.io](mailto:info@danielcooper.io) | [github.com/cooperda00](https://github.com/cooperda00)

Self-taught developer well versed in the current front-end ecosystem. Able to quickly adopt and leverage new technologies to create modern, responsive and accessible web sites and applications.

## Technical Skills

---

HTML5, CSS3 (flexbox, grid), Sass, JavaScript (ES6), React, Redux, Firebase, PHP, Laravel, Git

## Technical Experience

---

**danielcooper.io**

*Feb, 2019 – Present*

### Personal Projects:

#### *Project Management App*

Code: [github.com/cooperda00/project-manager](https://github.com/cooperda00/project-manager)

- Created a project manager app for myself to handle organising tasks and notes related to projects currently being worked on.
- Database and user management served by **Laravel** on the backend and **React** and **Redux** on the front.

#### *Meal Planner App*

Live Site: [cooper-meal-planner.surge.sh/pantry](https://cooper-meal-planner.surge.sh/pantry) Code: [github.com/cooperda00/meal-planner-v2](https://github.com/cooperda00/meal-planner-v2)

- Created a web app using the **Firebase** platform to track pantry, store recipes and generate meal plans and shopping lists.
- Front-end built using **React**, with **Redux** to sync app state with the database.

#### *K-Lang Blog*

Live Site: [k-lang.surge.sh](https://k-lang.surge.sh) Code: [github.com/cooperda00/k-blog](https://github.com/cooperda00/k-blog)

- Created a single page application style blog, feeding posts through the **Contentful** API.
- UI and state management provide by **React** and **Redux**. Styling structured with **Sass** modules

## Education & Other Experience

---

**Warwick University**

*United Kingdom*

Bachelor of Arts (Hons): History: 2:1

*July 2010*

**Kamkak Education**

*Jeonju South Korea*

English Instructor

*2012 – 2018*

- Ran an after-school English programme for elementary schools around the city, as well as teaching university level students and adults.

## Interests

---

- Student of Korean and Thai language. Currently enrolled in a Thai language course at Duke Language School (June 2019 – August 2020).
- Muay Thai athlete. Training since 2018, looking to compete at an amateur level soon.
